

What is SYNERGY ACADEMY?

Our purpose is to be a powerful connecting force influencing worker skills in preparation for employer needs, by creating immediate pathways of opportunity, momentum, and transferrable skills. Synergy educational pathways are focused on fields correlating with industry need and employment options in the greater Winona area.

WHO?

Students from any school (including those who home school) in the region qualify for **FREE** SYNERGY programming!

HOW?

If getting a jump start on your career inside businesses, receiving dual credit opportunities through MSCS, and getting our resume-worthy Power Skills Certification sounds like a good deal, you're absolutely right! **Contact Emma Ebinger** to bring Synergy in your life! Call 507.452.2272 or www.winonachamber.com

REACHing toward SYNERGY

Synergy's roots were established in 2016 as a Chamber workforce initiative called REACH, but the 2022 unveiling of **SYNERGY ACADEMY** to the Winona community brings even more to the table than we could have imagined.

OUR PROGRAM is centered on strategic partnership with MSCS, access to the area's most current technologies and infrastructures, frequent opportunities to see and learn onsite at businesses, and our work-readiness Power Skills Certification.
